Thanks Jim, that is good to know. Please be informed that in addition to other NYSDEC personnel Pete Reuben has frequently been at the Site to help out. I will not hesitate to call.

Thanks, Tom

Thanks Tom. Good work.

Tom and Joe, Mike Ryan asked me to be sure to keep in contact with EPA staff to ensure that you do not feel "left alone" out there. While I see from PolRep RV1 #6 that DEC has a rep – at least for the moment – on site, please know that DEC CO remains available at any time for assistance, discussion, coordination, or anything else you may need/want. Joe mentioned last week that EPA was considering a routine "touch base" conference call as this RA unfolds. I am always available if it helps you out, but of course do not want to distract you if you feel no need to schedule such calls. Please let me know if my presence out in Buffalo could in any way help as things play out. I am happy to jump in the car to assist.

Never hesitate to call.
